Introducing the SAC Shootbolt Lock

**Sac**

Smart Ready Certified Hardware

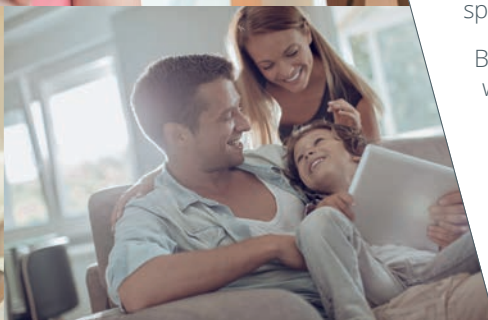

# The safeguarding of your home is something we take very seriously.

It's the reason why we only trust one of the most recognised and respected names in home security, to supply the locking systems in our window products.

## The window locking system

Designed and manufactured to the highest quality and tested to the latest British Standards.

- All components are designed and manufactured to the highest standards and tested to the latest BSI security criteria.
- Developed to withstand even the most determined intruder attack.
- 6-point locking provides the ultimate burglar deterrent with up to 300% more contact area than competitor shootbolts.
- Tested by an independent laboratory to well over the 3,000N force required to achieve PASS 24:2016 and to conform to Document Q.
- Smart Ready™ certified, with technology built-in as standard. Upgrade to Smart anytime.
- Designed to conform to all British and European standards.

## A smarter way

Imagine a window that could send an alert to your phone if left open. Now imagine one that detects vibration and can activate an alarm.

With built-in Smart Ready™ technology as standard and developed to the highest specification, you no longer have to.

By utilising cutting-edge technology, the Sac window locking system is designed to be the strongest in the industry.

1

### £7,500 Protection Promise

Our shootbolt locking systems are covered by a guarantee of up to £7,500\* in the event of a break-in.

2

### 10 year guarantee

Every shootbolt window locking system has a 10 year guarantee\* against mechanical failure.

3

### Secured by Design

PAS 24:2016 accredited and Police preferred specification - the highest level of protection against forced entry.
